

I. J.E.A. Crake Scholarship

The Crake Foundation, established by the late J.E.A. Crake, Josiah Wood Professor of Classics and Head of the Classics Department from 1946 to 1976, offers scholarships to be awarded to third and fourth year students in the Humanities at Mount Allison University. It is the intention of the Foundation to provide renewable scholarships for deserving students in the upper years (third and fourth years) who have reached scholarship standing.

Terms and conditions

1. The J.E.A. Crake Scholarship, which may be held for a maximum of two years, will be administered by the Financial Aid and Awards Counsellor following the policies established by the Senate Scholarships and Bursaries Committee.
2. The student must have Scholarship standing, attained by registering in and completing thirty credits during the regular academic year (September through April) and achieving a minimum GPA of 3.5. A student who has transfer credits may carry only 24 credits if a full normal course load is not needed. This applies only to the 4th or graduating year
3. The student must be registered in a program in the Humanities, which is understood by the Foundation to include Canadian Studies, Classics, Drama, English, Fine Arts, History, Modern Languages and Literatures, Music, Philosophy, Religious Studies and Women's and Gender Studies.
4. All other factors being equal, preference may be given to students who have completed some course work in Classics.
5. Renewal of the Scholarship will be contingent upon maintaining a 3.5 GPA. If the student's standing falls below the accepted level, renewal will depend on the recommendation of the appropriate officer or committee, consistent with University policies and procedures.
6. The Crake Scholarship can be held in addition to other awards or scholarships to which the student may be entitled by virtue of high academic standing or financial need.

7. Each student who holds this scholarship for the first time will be provided with a copy of these terms and conditions as well as a copy of the biographical information available at jeacrakefoundation.org/jea-crake-bio.

Procedures

1. The Scholarships will be awarded in a manner consistent with University policies and procedures.
2. Scholarship holders who do not meet the terms and conditions of the scholarship may have the scholarship renewed at the discretion of the Financial Aid and Awards Counsellor.
3. The Vice-President (Academic) will, by May 31, provide the Foundation with the following information on each student who held the scholarship in the academic year just completed and from the Controller on the fund:
 - 3.1. A copy of the letter sent to Scholarship holders each year.
 - 3.2. A statement of the degree program (including major area of study), the course load in the previous academic year, the session GPA, the cumulative GPA and whether the award was renewed or not.
 - 3.3. A letter of justification for renewals for students who did not meet the terms and conditions of the Scholarship. An example would be a student who took Mt. A. courses which are *only* offered in the spring/summer such as the classical archeology courses for archeological work in Italy or Greece.
 - 3.4. A statement from the Controller verifying that the funds in this account have been spent in accordance with the stated terms and conditions, and the status of the account as of May 1.
4. The Foundation will inform the University by June 30 of the total number of J.E.A. Crake Scholarships it will fund in the academic year beginning July 1.

The value of each J.E.A. Crake Scholarship: \$2500.

Total funding for Scholarships per year: \$75,000.
